ANNUAL REPORT TO COUNCIL

State of the City

February 4, 2019

Today I am delighted to communicate to you that the state of the City is very strong and fiscally sound. The year 2018 was marked by adaptations, additions, and accomplishments. We are entering the new year with a great deal of monetary momentum and justified optimism. Shelby is in this blessed Municipal condition as a result of careful planning, discipline and willing partnerships all across the board.

Once again, it has been my privilege and pleasure to work closely with Finance Director Steven Lifer, Law Director Gordon Eyster, Project Coordinator Joe Gies, Deputy Director of Finance Amber Cutlip, Deputy Director of Public Service John Ensman, City Hall Staff, Police Chief Lance Combs, Fire Chief Mike Thompson and the dedicated members of Shelby City Council, namely: Councilman Charlie Roub, Councilman Derrin Roberts, Councilman Garland John Gates, Councilman Nathan Martin, and Councilman Steve McLaughlin.

President Reagan was wont to say, "There is no limit to the amount of good you can do if you don't care who gets the credit." We have a lot of good things that happened in 2018 and I want to give a good deal of credit to this Shelby City Council. We presently have an experienced Council that knows how to deal with initiatives and pieces of legislation with thoroughness and efficiency. Hence, together, we were able to get things done in a timely manner.

In 2018 we held ribbon-cutting celebrations for: Arby's Restaurant, Pivot Creative, Johnson's Unique Antiques, Ace Hardware, East of Chicago Pizza, Rabold Park Dog Park, Lloyd Rebar, and our brand new, state-of-the-art Fire Station.

After years of patient perseverance, the alternative access drive to and from the Drug Mart Plaza was completed in October.

The City Administration hosted another successful Business First Breakfast in February of last year. These events provide connectivity between Shelby businesses/industries and City government.

Mr. Gies, Mr. Ensmann, and I are working with the leadership team of the Clean the Black Fork Project Phase 2 in order to provide guidance and floodplain management strategies.

It appears, that in the very near future, we will be preparing a presentation in regard to the "infrastructure of the future" – Shelby Municipal Broadband.

Shelby is truly a one of a kind City! We are not only blessed to live and work here, but we are also privileged to be public servants to the families and individuals that call this place home. Let us pledge afresh and anew to serve with creditability, common sense, and compassion.

God bless you. God bless the City of Shelby, God bless the United States of America.

(1) *Generation charge.* The generation charge shall be \$0.0055 kWh

(2) *Determination of fuel and purchased power charge.* The Fuel and Purchased Power Charge shall be derived every three months by dividing (1) the past 12 months' cost of fuel and purchased power, including the cost associated with transmission-related services (hereinafter referred to as "previous 12 months' cost", by (2) the sum of the past 12 months' net kilowatt hours generated and purchased multiplied by 0.94 (hereinafter referred to as "previous 12 months' net kWh").

$$\frac{\text{Previous 12 months' cost (numerator)}}{\text{Previous 12 months' net kWh} \times 0.94 \text{ (denominator)}} = \frac{\text{Fuel Purchased Power Charge}}{\text{Fuel Purchased Power Charge}}$$

(3) *Determination of Transition Cost Rider.*

A. The Transition Cost Rider shall be calculated and implemented upon the offering of Open Access Service.

B. Transition costs shall be calculated yearly. Transition costs are generally defined as the difference between purchased power costs of those sources where construction costs, market price at the time of contractual obligation, and/or other factors may cause the fixed and/or average cost of that power to be significantly higher than average market prices. The Transition Cost Rider may be adjusted each year based on projected market price, average cost of power from transition cost sources, fixed costs of contracted power supply, implementation costs of the offering of Open Access Service, and sales of the previous year. A reconciliation of over or under recovery of transition costs is taken forward to the next year as a debit or credit to transition costs. Projected transition cost recovery is allocated between demand and energy costs and credited to total demand and energy costs of generation. This credit ensures that there will be no double recovery of transition costs.

(4) *Project development and construction rider.* The rates and charges set forth in the current city electric rate schedule may be increased for the purpose of providing funding for the city's share of the developmental and/or construction costs associated with projects undertaken by the city independently or in conjunction with a third party in furtherance of the city's goal to provide the city's electric utility consumers with the most economic, environmentally sound and reliable source(s) of power.

(f) *Kilowatt-hour tax adjustment.* The rates and charges set forth in the current city electric rate schedules shall be increased by an amount equal to the kilowatt-hour tax imposed on the city's electric distribution system under R.C. § 5727.81. The increase shall become effective with the bills that include May 1, 2001, as part of the usage period and shall thereafter be automatically adjusted to reflect any change in the kilowatt-hour tax imposed by R.C. § 5727.81 increase in the current schedule that reflects the following:

ORDINANCE NO. 20 -2019
(Sponsor – Councilmember Gates)

AMENDING CHAPTER 210 (PUBLIC RECORDS POLICY) OF THE CODIFIED ORDINANCES OF THE CITY OF SHELBY.

WHEREAS, the model public records policy upon which Chapter 210 (Public Records Policy) of the Codified Ordinances of the City of Shelby was based in 2009 has been significantly revised and updated by the Office of the Attorney General of the State of Ohio; and

WHEREAS, it is in the interest of the public health, safety, morals, and general welfare of the citizens of the City of Shelby that the City's Public Records Policy be amended to reflect said revisions and updates.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF SHELBY, A MAJORITY ELECTED THERETO CONCURRING:

Section 1: That Chapter 210 of the Codified Ordinances of the City of Shelby be amended to read as follows:

CHAPTER 210: PUBLIC RECORDS POLICY

210.01 MISSION STATEMENT.

Openness leads to a better informed citizenry, which leads to better government and better public policy. It is the mission and intent of the City of Shelby at all times to comply fully with and abide by both the spirit and the letter of Ohio's Public Records Act.

210.02 DEFINITIONS.

For the purpose of this chapter, the following definitions shall apply unless the context clearly indicates or requires a different meaning:

(a) A "record" is defined to include the following: a document in any format – paper, electronic (including, but not limited to, business e-mail) – that is created, received by, or comes under the jurisdiction of the City that documents the organization, functions, policies, decisions, procedures, operations, or other activities of the City.

(b) A "public record" is a record that is being kept by the City at the time a public records request is made, subject to applicable exemptions from disclosure under Ohio or federal law. All public records must be organized and maintained in such a way that they can be made available for inspection and copying.

210.03 RESPONSE TIMEFRAME.

(a) Public records are to be available for inspection during regular administrative business hours. Public records must be made available for inspection promptly. Copies of public records must be made available within a reasonable period of time. "Promptly" and "reasonable" take into account the volume of records requested, the proximity of the location where the records are stored, the necessity for any legal review and redaction, and other facts and circumstances of the records requested.

(b) It is the goal of the City of Shelby that all requests for public records should be acknowledged in writing or, if feasible, satisfied within three business days following the City's receipt of the request.

210.04 HANDLING REQUESTS.

(a) No specific language is required to make a request for public records. However, the requester must at least identify the records requested with sufficient clarity to allow the City to identify, retrieve, and review the records.

(b) The requester does not have to put a records request in writing and does not have to provide his or her identity or the intended use of the requested public record(s). It is the City's general policy that this information not be requested. However, the law does permit the City to ask for a written request, the requester's identity, and/or the intended use of the information

Passed 8-5-19

requested, but only if (1) a written request or disclosure of identity or intended use would benefit the requester by enhancing the City's ability to identify, locate, or deliver the public records that have been requested; and (2) the requester is first told that a written request is not required and that the requester may decline to reveal the requester's identity or intended use.

(c) In processing the request, the City does not have an obligation to create new records or perform a search or research for information in the City's records. An electronic record is deemed to exist so long as a computer is already programmed to produce the record through the City's standard use of sorting, filtering, or querying features. Although not required by law, the City should consider generating new records when it makes sense and is practical under the circumstances.

(d) In processing a request for inspection of a public record, a City employee may accompany the requester during inspection to make certain original records are not taken or altered.

(e) A copy of the most recent edition of the Ohio Sunshine Laws Manual is available via the Ohio Attorney General's website (www.OhioAttorneyGeneral.gov/YellowBook) for the purpose of keeping employees of the City and the public educated as to the City's obligations under Ohio's Public Records Act, Ohio's Open Meetings Act, records retention laws, and the Personal Information Systems Act.

210.05 ELECTRONIC RECORDS.

(a) Records in the form of e-mail, text messaging, and instant messaging, including those sent and received via a hand-held communications device, are to be treated in the same fashion as records in other formats, such as paper or audiotape.

(b) Public record content transmitted to or from private accounts or personal devices is subject to disclosure. All employees or representatives of the City are required to retain their e-mail records and other electronic records in accordance with applicable records retention schedules.

210.06 DENIAL AND REDACTION OF RECORDS.

(a) If the requester makes an ambiguous or overly broad request or has difficulty in making a request such that the City cannot reasonably identify what public records are being requested, the request may be denied, but the City must then provide the requester an opportunity to revise the request by informing the requester of the manner in which records are maintained and accessed by the City.

(b) If the City withholds, redacts, or otherwise denies requested records, it must provide an explanation, including legal authority, for the denial(s). If the initial request was made in writing, the explanation must also be in writing. If portions of a record are public and portions are exempt, the exempt portions may be redacted and the rest must be released. When making public records available for public inspection or copying, the City shall notify the requester of any redaction or make the redaction plainly visible.

210.07 COPYING AND MAILING COSTS.

(a) Those seeking public records may be charged only the actual cost of making copies, not labor. The charge for paper copies is \$0.05 cents per page. The charge for electronic files downloaded to a compact disc is \$1.00 per disc.

(b) A requester may be required to pay in advance for the actual costs involved in providing the copy. The requester may choose whether to have the record duplicated upon paper, upon the same medium on which the public record is kept, or upon any other medium on which the City determines that the record can reasonably be duplicated as an integral part of the City's normal operations.

(c) If a requester asks that documents be delivered, he or she may be charged the actual cost of the postage and mailing supplies or other actual costs of delivery. There is no charge for e-mailed documents.

210.08 MANAGING RECORDS.

The City's records are subject to records retention schedules. The City's current schedules are available at City Hall, a location readily available to the public as required by Ohio Revised Code § 149.43(B)(2).

210.09 APPLICABILITY.

The provisions of this chapter shall apply to all offices, departments, boards, and commissions of the City. No later than 30 days after its effective date, the Clerk of Council shall cause a copy of this chapter to be posted prominently at all locations where public records are kept, including, but not limited to, City Hall, Police Department, Fire Department, Health Department, Municipal Utilities Office, Water Treatment Plant, Wastewater Treatment Plant, Municipal Light Plant, City Garage, Electric Distribution Garage, Seltzer Pool, and Parks Department Garage.

Section 2: That all meetings and hearings concerning the adoption of this Ordinance have been in compliance with Codified Ordinance 220.01, Ohio Revised Code Section 121.22, and the Charter of the City of Shelby.

Section 3: That this Ordinance shall be in full force and effect from and after its passage, approval by the Mayor, and the earliest period allowed by law.
