Section 3: That Section 452.04 (Parking Requirements) of Chapter 452 (Parking Generally) be amended as follows:

452.04 PARKING REQUIREMENTS

(a) Every vehicle stopped or parked upon a roadway where there is an adjacent curb shall be stopped or parked with the right-hand wheels of the vehicle parallel with and not more than 12 inches from the right-hand curb, unless it is impossible to approach so close to the curb; in this case the stop shall be made as close to the curb as possible and only for the time necessary to discharge and receive passengers or to load or unload merchandise. Local authorities by ordinance may permit angle parking on any roadway under their jurisdiction, except that angle parking shall not be permitted on a state route within the municipality unless an unoccupied roadway width of not less than 25 feet is available for free-moving traffic.

(b) Local authorities by ordinance may permit parking of vehicles with the left-hand wheels adjacent to and within 12 inches of the left-hand curb of a one-way roadway.

(c) (1) Except as provided in division (c)(2) of this section, no vehicle shall be stopped or parked on a road or highway with the vehicle facing in a direction other than the direction of travel on that side of the road or highway.

(2) The operator of a motorcycle may back the motorcycle into an angled parking space so that when the motorcycle is parked it is facing in a direction other than the direction of travel on the side of the road or highway.

(3) The operator of a motorcycle may back the motorcycle into a parking space that is located on the side of, and parallel to, a road or highway. The motorcycle may face any direction when so parked. Not more than two motorcycles at a time shall be parked in a parking space as described in division (c)(2) of this section irrespective of whether or not the space is metered.

(d) Notwithstanding any statute or any rule, regulation, resolution or ordinance, air compressors, tractors, trucks and other equipment, while being used in the construction, reconstruction, installation, repair or removal of facilities near, on, over or under a street or highway, may stop, stand or park where necessary in order to perform the work, provided a flagperson is on duty or warning signs or lights are displayed as may be prescribed by the Director of Transportation.

(e) Accessible parking locations and privileges for persons with disabilities that limit or impair the ability to walk, shall be provided and designated by all political subdivisions and by the state and all agencies and instrumentalities thereof at all offices and facilities where parking is provided, whether owned, rented or leased, and at all publicly owned parking garages. The locations shall be designated through the posting of an elevated sign, whether permanently affixed or movable, imprinted with the international symbol of access and shall be reasonably close to exits, entrances, elevators and ramps. All elevated signs posted in accordance with this division and R.C. § 3781.111(C) shall be mounted on a fixed or movable post, and the distance

from the ground to the top edge of the sign shall measure not less than five feet. If a new sign or a replacement sign designating a special parking location is posted on or after October 14, 1999, there also shall be affixed upon the surface of that sign or affixed next to the designating sign a notice that states the fine applicable for the offense of parking a motor vehicle in the special designated parking location if the motor vehicle is not legally entitled to be parked in that location.

(f) (1) No person shall stop, stand or park any motor vehicle at special parking locations provided under division (e) of this section, or at special clearly marked parking locations provided in or on privately owned parking lots, parking garages or other parking areas and designated in accordance with that division, unless one of the following applies:

A. The motor vehicle is being operated by or for the transport of a person with a disability that limits or impairs the ability to walk and is displaying a valid removable windshield placard or special license plates; or

B. The motor vehicle is being operated by or for the transport of a handicapped person and is displaying a parking card or special handicapped license plates.

(2) Any motor vehicle that is parked in a special marked parking location in violation of division (f)(1)A. or (f)(1)B. of this section may be towed or otherwise removed from the parking location by the law enforcement agency of the municipality. A motor vehicle that is so towed or removed shall not be released to its owner until the owner presents proof of ownership of the motor vehicle and pays all towing and storage fees normally imposed by the municipality for towing and storing motor vehicles. If the motor vehicle is a leased vehicle, it shall not be released to the lessee until the lessee presents proof that that person is the lessee of the motor vehicle and pays all towing and storage fees normally imposed by the municipality for towing and storing motor vehicles.

(3) If a person is charged with a violation of division (f)(1)A. or (f)(1)B. of this section, it is an affirmative defense to the charge that the person suffered an injury not more than 72 hours prior to the time the person was issued the ticket or citation and that, because of the injury, the person meets at least one of the criteria contained in R.C. § 4503.44(A)(1).

(g) No person shall stop, stand, or park any motor vehicle in an area that is commonly known as an access aisle, which area is marked by the diagonal stripes and is located immediately adjacent to an accessible parking location provided under division (e) of this section or at an accessible clearly marked parking location provided in or on a privately owned parking lot, parking garage, or other parking area and designated in accordance with that division.

(h) When a motor vehicle is being operated by or for the transport of a person with a disability that limits or impairs the ability to walk and is displaying a removable windshield placard or a temporary removable windshield placard or special license plates, or when a motor vehicle is being operated by or for the transport of a handicapped person, and is displaying a parking card or special handicapped license plates, the motor vehicle is permitted to park for a period of two hours in excess of the legal parking period permitted by local authorities, except where local ordinances or police rules provide otherwise or where the vehicle is parked in such a manner as to be clearly a traffic hazard.

(i) No owner of an office, facility or parking garage where special parking locations are required to be designated in accordance with division (e) of this section shall fail to properly mark the special parking locations in accordance with that division or fail to maintain the markings of the special locations, including the erection and maintenance of the fixed or movable signs.

(j) Nothing in this section shall be construed to require a person or organization to apply for a removable windshield placard or special license plates if the parking card or special license plates issued to the person or organization under prior law have not expired or been surrendered or revoked.

(k) For the purpose of this section, the following definitions shall apply unless the context clearly indicates or requires a different meaning.

(1) "Person with a disability" means any person who has lost the use of one or both legs or one or both arms, who is blind, deaf or unable to move without the aid of crutches or a wheelchair, or whose mobility is restricted by a permanent cardiovascular, pulmonary or other handicapping condition.

(2) "Person with a disability that limits or impairs the ability to walk" has the same meaning as in R.C. § 4503.44.

(3) "Accessible license plates" and "removable windshield placard." Any license plates or removable windshield placard or temporary removable windshield placard issued under R.C. § 4503.41 or § 4503.44, and also mean any substantially equivalent license plates or removable

windshield placard or temporary removable windshield placard issued by a state, district, country or sovereignty.

(l) Penalty.

(1) Whoever violates division (a) or (c) of this section is guilty of a minor misdemeanor.

(2) A. Whoever violates division (f)(1)A. or (f)(1)B. of this section is guilty of a misdemeanor and shall be punished as provided in division (1)(2)A. and (1)(2)B. of this section. Except as otherwise provided in division (1)(2)A. of this section, an offender who violates division (f)(1)A. or (f)(1)B. of this section shall be fined not less than \$250 nor more than \$500. An offender who violates division (f)(1)A. or (f)(1)B. of this section shall be fined not more than \$100 if the offender, prior to sentencing, proves either of the following to the satisfaction of the court:

1. At the time of the violation of division (f)(1)A. of this section, the offender or the person for whose transport the motor vehicle was being operated had been issued a removable windshield placard that then was valid or special license plates that then were valid but the offender or the person neglected to display the placard or license plates as described in division (f)(1)A. of this section.

2. At the time of the violation of division (f)(1)B. of this section, the offender or the person for whose transport the motor vehicle was being operated had been issued a parking card that then was valid or special handicapped license plates that then were valid but the offender or the person neglected to display the card or license plates as described in division (f)(1)B. of this section.

B. In no case shall an offender who violates division (f)(1)A. or (f)(1)B. be sentenced to any term of imprisonment.

C. An arrest or conviction for a violation of division (f)(1)A. or (f)(1)B. of this section does not constitute a criminal record and need not be reported by the person so arrested or convicted in response to any inquiries contained in any application for employment, license or other right or privilege, or made in connection with the person's appearance as a witness.

D. The Clerk of the Court shall pay every fine collected under division (1)(2) of this section to the municipality. Except as provided in division (1)(2) of this section, the municipality shall use the fine moneys it receives under division (1)(2) of this section to pay the expenses it incurs in complying with the signage and notice requirements contained in division (e) of this section. The municipality may use up to 50% of each fine it receives under division (1)(2) of this section to pay the costs of educational, advocacy, support and assistive technology programs for persons with disabilities, and for public improvements within the municipality that benefit or assist persons with disabilities, if governmental agencies or nonprofit organizations offer the programs.

(3) Whoever violates division (i) of this section shall be punished as follows:

A. Except as otherwise provided in division (1)(3) of this section, the offender shall be issued a warning.

B. If the offender previously has been convicted of or pleaded guilty to a violation of division (i) of this section or of a municipal ordinance that is substantially equivalent to that division, the offender shall not be issued a warning but shall be fined not more than \$25 for each parking location that is not properly marked or whose markings are not properly maintained. (R.C. § 4511.69)

Section 4: That Section 452.05 (Willfully Leaving Vehicles on Public Property) of Chapter 452 (Parking Generally) be amended as follows:

452.05 WILLFULLY LEAVING VEHICLES ON PUBLIC PROPERTY.

(a) The Police Chief of the municipality may order into storage any motor vehicle, including an abandoned junk motor vehicle as defined in R.C. § 4513.63, that:

(1) Has come into the possession of the Police Chief as a result of the Police Chief's duties; or

(2) Has been left on a public street or other property open to the public for purposes of vehicular travel, or upon or within the right-of-way of any road or highway, for 48 hours or longer without notification to the Police Chief of the reasons for leaving the motor vehicle in such place, except that when such motor vehicle constitutes an obstruction to traffic, it may be ordered into storage immediately unless either of the following applies:

A. The vehicle was involved in an accident and is subject to section 4513.66 of the Revised Code;

B. The vehicle is a commercial motor vehicle. If the vehicle is a commercial motor

vehicle, the Police Chief shall allow the owner or operator of the vehicle the opportunity to arrange for the removal of the motor vehicle within a period of time specified by the Chief of Police. If the Chief of Police determines that the vehicle cannot be removed within the specified period of time, the Chief of Police shall order the removal of the vehicle.

Subject to division (c) of this section, the Chief of Police shall designate the place of storage of any motor vehicle so ordered removed.

(b) If the Chief of Police issues an order under division (a) of this section and arranges for the removal of a motor vehicle by a towing service, the towing service shall deliver the motor vehicle to the location designated by the Chief of Police not more than 2 hours after the time it is removed.

(c) (1) The Police Chief shall cause a search to be made of the records of the Bureau of Motor Vehicles to ascertain the owner and any lienholder of a motor vehicle ordered into storage by the Police Chief, within five business days of the removal of the vehicle. Upon obtaining such identity, shall send or cause to be sent notice to the owner or lienholder at his or her last known address by certified or express mail with return receipt requested, by certified mail with electronic tracking, or by a commercial carrier service utilizing any form of delivery requiring a signed receipt. The notice shall inform the owner or lienholder that the motor vehicle will be declared a nuisance and disposed of if not claimed within ten days of the date of mailing of the notice.

(2) The owner or lienholder of the motor vehicle may reclaim it upon payment of any expenses or charges incurred in its removal and storage, and presentation of proof of ownership, which may be evidenced by a certificate of title or memorandum certificate of title to the motor vehicle, a certificate of registration for the motor vehicle, or a lease agreement. Upon presentation of proof of ownership evidenced as provided above, the owner of the motor vehicle also may retrieve any personal items from the vehicle without retrieving the vehicle and without paying any fee. However, a towing service or storage facility may charge an after-hours retrieval fee established by the public utilities commission in rules adopted under section 4921.25 of the Revised Code if the owner retrieves the personal items after hours, unless the towing service or storage facility fails to provide the notice required under division (B)(3) of section 4513.69 of the Revised Code, if applicable. However, the owner shall not do either of the following:

A. Retrieve any personal item that has been determined by the Chief of Police to be necessary to a criminal investigation;

B. Retrieve any personal item from a vehicle if it would endanger the safety of the owner, unless the owner agrees to sign a waiver of liability.

For purposes of division (c)(2) of this section, "personal items" do not include any items that are attached to the vehicle.

(3) If the owner or lienholder of the motor vehicle reclaims it after a search of the records of the Bureau has been conducted and after notice has been sent to the owner or lienholder as described in this section, and the search was conducted by the owner of the place of storage or the owner's employee, and the notice was sent to the motor vehicle owner by the owner of the place of storage or the owner's employee, the owner or lienholder shall pay to the place of storage a processing fee of \$25, in addition to any expenses or charges incurred in the removal and storage of the vehicle.

(f) No towing service or storage facility shall fail to comply with this section.
(R.C. § 4513.61)

Section 5: That Section 452.061 (Vehicle Left on Private Residential or Private Agricultural Property Without the Permission of Person Having Right to Possession of the Property) be added under Chapter 452 (Parking Generally) as follows:

452.061 VEHICLE LEFT ON PRIVATE RESIDENTIAL OR PRIVATE AGRICULTURAL PROPERTY WITHOUT THE PERMISSION OF PERSON HAVING RIGHT TO POSSESSION OF PROPERTY

(a)(1) The Chief of Police, within the chief's respective territorial jurisdiction, upon complaint of any person adversely affected, may order into storage any motor vehicle, other than an abandoned junk motor vehicle as defined in section 4513.63 of the Revised Code, that has been left on private residential or private agricultural property for at least four hours without the permission of the person having the right to the possession of the property.

(2) A towing service towing a motor vehicle under division (a)(1) of this section shall remove the motor vehicle in accordance with that division. The towing service shall deliver the motor vehicle to the location designated by the chief not more than two hours after the time it is removed from the private property, unless the towing service is unable to deliver the motor vehicle within two hours due to an uncontrollable force, natural disaster, or other event that is not within the power of the towing service.

(3) Subject to division (b) of this section, the owner of a motor vehicle that has been removed pursuant to this division may recover the vehicle only in accordance with division (d) of this section.

(4) As used in this section, "private residential property" means private property on which is located one or more structures that are used as a home, residence, or sleeping place by one or more persons, if no more than three separate households are maintained in the structure or structures. "Private residential property" does not include any private property on which is located one or more structures that are used as a home, residence, or sleeping place by two or more persons, if more than three separate households are maintained in the structure or structures.

(b) If the owner or operator of a motor vehicle that has been ordered into storage pursuant to division (a)(1) of this section arrives after the motor vehicle has been prepared for removal, but prior to its actual removal from the property, the towing service shall give the owner or operator oral or written notification at the time of such arrival that the vehicle owner or operator may pay a fee of not more than one-half of the fee for the removal of the motor vehicle established by the public utilities commission in rules adopted under section 4921.25 of the Revised Code, in order to obtain release of the motor vehicle. However, if the vehicle is within a municipal corporation and the municipal corporation has established a vehicle removal fee, the towing service shall give the owner or operator oral or written notification that the owner or operator may pay not more than one-half of that fee to obtain release of the motor vehicle. That fee may be paid by use of a major credit card unless the towing service uses a mobile credit card processor and mobile service is not available at the time of the transaction.

Upon payment of the applicable fee, the towing service shall give the vehicle owner or operator a receipt showing both the full amount normally assessed and the actual amount received and shall release the motor vehicle to the owner or operator. Upon its release, the owner or operator immediately shall move it so that it is not on the private residential or private agricultural property without the permission of the person having the right to possession of the property, or is not at the garage or place of storage without the permission of the owner, whichever is applicable.

(c)(1) The Chief of Police shall maintain a record of motor vehicles that the chief orders into storage pursuant to division (a)(1) of this section. The record shall include an entry for each such motor vehicle that identifies the motor vehicle's license number, make, model, and color, the location from which it was removed, the date and time of its removal, the telephone number of the person from whom it may be recovered, and the address of the place to which it has been taken and from which it may be recovered. The chief shall provide any information in the record that pertains to a particular motor vehicle to any person who, either in person or pursuant to a

telephone call, identifies self as the owner or operator of the motor vehicle and requests information pertaining to its location.

(2) Any person who registers a complaint that is the basis of a chief's order for the removal and storage of a motor vehicle under division (a)(1) of this section shall provide the identity of the law enforcement agency with which the complaint was registered to any person who identifies self as the owner or operator of the motor vehicle and requests information pertaining to its location.

A. Payment of all applicable fees established by the public utilities commission in rules adopted under section 4921.25 of the Revised Code or, if the vehicle was towed within a municipal corporation that has established fees for vehicle removal and storage, payment of all applicable fees established by the municipal corporation.

B. Presentation of proof of ownership, which may be evidenced by a certificate of title to the motor vehicle, a certificate of registration for the motor vehicle, or a lease agreement.

When the owner of a vehicle towed under this section retrieves the vehicle, the towing service or storage facility in possession of the vehicle shall give the owner written notice that if the owner disputes that the motor vehicle was lawfully towed, the owner may be able to file a civil action under section 4513.611 of the Revised Code.

(2) Upon presentation of proof of ownership as required under division (d)(1)(B) of this section, the owner of a motor vehicle that is ordered into storage under division (a)(1) of this section may retrieve any personal items from the motor vehicle without retrieving the vehicle and without paying any fee. However, a towing service or storage facility may charge an after-hours retrieval fee established by the public utilities commission in rules adopted under section 4921.25 of the Revised Code if the owner retrieves the personal items after hours, unless the towing service or storage facility fails to provide the notice required under division (B)(3) of section 4513.69 of the Revised Code, if applicable. The owner of a motor vehicle shall not do either of the following:

A. Retrieve any personal item that has been determined by the chief, as applicable, to be necessary to a criminal investigation;

B. Retrieve any personal item from a vehicle if it would endanger the safety of the owner, unless the owner agrees to sign a waiver of liability.

For purposes of division (d)(2) of this section, "personal items" do not include any items that are attached to the motor vehicle.

(3) If a motor vehicle that is ordered into storage pursuant to division (a)(1) of this section remains unclaimed by the owner for thirty days, the procedures established by sections 4513.61 and 4513.62 of the Revised Code apply.

(e)(1) No person shall remove, or cause the removal of, any motor vehicle from any private residential or private agricultural property other than in accordance with division (a)(1) of this section or sections 4513.61 to 4513.65 of the Revised Code.

(2) No towing service or storage facility shall fail to comply with the requirements of this section.

(f) This section does not apply to any private residential or private agricultural property that is established as a private tow-away zone in accordance with section 4513.601 of the Revised Code.
