Let's keep our planet clean! 

Why Recycle Electronics?

Electronic waste (e-waste) contains hazardous materials that can harm the environment and human health if not disposed of properly. Recycling electronics allows us to recover valuable materials, reduce pollution, and conserve natural resources. By participating in our Electronic Recycling Event, you're contributing to a greener future! 

Next Steps

Mark your calendar for May 23rd and gather your unwanted electronics. Bring them to the designated parking lot between 10 AM and 2 PM. Our volunteers will be there to assist you. Thank you for supporting responsible recycling!
